Anticipated Date of Graduation May 15, 2001

I understand that the approval of this plan of study is conditional and is based on the assumption that I will complete my degree within a 7 year time period. In addition, I understand that no course on the plan of study can be older than 10 years at the time of graduation. Courses taken for pass/no pass credit cannot be included in the plan of study. If these conditions are not met, I understand that a new plan of study must be submitted for approval. I am also aware that IRB approval must be obtained prior to conducting thesis research with human subjects. Failure to do so means that my thesis cannot be accepted.
